

DT-300PIII

DC Pulsed TIG Welding Machine full of the Technologies

- · Compact size and light Weight
- Instantaneeurs Arc Starts and Stable Arc
- User Friendly Operations
- Dust and Sudden rain-resistant machine

Specification	
Туре	DT-300PIII
Rated input voltage	400V
Primary power max.	4 ~300A
Rated output voltage range	22V
Duty cycle 40°C 60%/100%	40 %

Product information

Order No. 123026011

Model No.
